ABOUT FAFAI

In 1949, a group of entrepreneurs came together to form a fraternity to promote flavours and fragrances trade in India. This humble beginning created a sense of unity amongst the manufacturers and traders in the industry of Fragrances and Flavours leading to the formation of the **FRAGRANCES AND FLAVOURS ASSOCIATION OF INDIA (FAFAI)**. Within a span of 70 years, FAFAI has grown into a national association about 850 members from amongst the traders and manufacturers in Fragrances, Flavours, Aroma Chemicals, Natural Essential Oils, and its ancillaries.

OUR MISSION

To promote unity and fraternity amongst traders and dealers in the field of Fragrances, Flavours, Aroma Chemicals, Natural Essential Oils as well as related allied fields, and grow as a recognized International Association.

OUR VALUES

Innovation

Development

Growth

Member Satisfaction

PRESIDENT'S MESSAGE

Dear friends,

Greetings!

Under normal circumstances, around this time we should have been meeting in person for the biennial FAFI International Seminar, but then has there anything that has happened in the last 12 months be called 'normal'? The one thing that has come out in the pandemic is the resilience and the adaptability of the human species.

And as we adapt to the 'new normal', FAFI too has embraced newer technologies and tried to exploit newer opportunities in these changed times, and on behalf of my entire executive Committee am proud to present the 1st edition of the FAFI Virtual Bazaar, a platform for presentations and interactions, giving individuals, companies and organizations an opportunity to showcase newer products, services and ideas or even reinforce older ones. And of course, in the fitness of things, this document too is being made available only in the digital form!

It is extremely heartening that at the time of writing this note, we have already received 620 registrations and we are extremely grateful to all our participants and members for their confidence in us and their unwavering support in all our endeavors.

Thank you all once again and looking forward to a productive, fruitful day of virtual meetings and mutual learning.

With fragrant wishes,

A handwritten signature in black ink, appearing to be 'Rishabh C. Kothari'.

Rishabh C. Kothari

Event Information & Schedule

The year 2020 has been an unprecedented year. The pandemic and its aftereffects have taught us many new things and we have learnt to adjust to the “new normal”. In tune with the times, FAFAI presents the 1st VIRTUAL BAZAAR, the virtual marketplace for products, technologies, ideas and solutions, both new and old, offered to discerning users and consumers across the country and possibly the globe in the comfort of their own workplaces or homes.

FAFAI VIRTUAL BAZAAR is conceived to be a platform for exchange of information and highlighting of new or old products, technologies, initiatives or even ideas to all our members. Each participating Company will get an exclusive slot of 25 minutes (Companies may combine and take a maximum of 2 concurrent slots if they wish) and the event will be open FREE for all members (registration compulsory).

Companies may utilize their time to host product presentation, demonstration, speak about initiatives or technologies or even host a lecture and / or a Q&A session as per their preference.

INSTRUCTIONS TO JOIN THE EVENT

FAFAI takes great pleasure in inviting you to the FAFAI Virtual Bazaar, which will take place on February 20, 2021.

The event website shall be live 20th Feb 2021, 9:00 am onwards

All registered delegates will receive an email with a login link and simple instructions to log in.

Pre-registered delegate login link: <https://bit.ly/3rQs8XO>

1. The delegate needs to register through the given unique Id used at the time of registration.
2. Sharing of unique code with others is not allowed.

Delegates who shall register on the spot may use the following link: <https://bit.ly/3d9T00E>

About Company

At IFF (NYSE: IFF), an industry leader in food, beverage, health, biosciences and sensorial experiences, science and creativity meet to create essential solutions for a better world – from global icons to unexpected innovations and experiences. With the beauty of art and the precision of science, we are an international collective of thinkers who partners with customers to bring scents, tastes, experiences, ingredients, and solutions for products the world craves. Together, we will do more good for people and the planet.

Products or Services Offered in Presentation

IFF products and services offered: scent & taste products and experiences, ingredients, nourish, bioscience, and pharma solutions.

In our presentation, we will share with you some of the key trends and consumer needs in Homecare and specifically in cleaning products. The Covid-19 pandemic has changed our lives drastically. A lot of our routines have changed. and cleaning is one of them. Cleaning has leveled up in our lives. We will present to you some of the key requirements in cleaners such as excellent performance, anti-malodor coverage, cost-effectiveness, and sensorial delight and will present four fragrance ingredients that fulfill these requirements in specific cleaning applications while offering a sensorial experience and transforming the sense of clean.

Name of the Company	LMR Naturals by IFF
Address	18 Avenue Joseph Honorélsnard Parc d'Activité les Bois de Grasse, Grasse, France 06130
Website	www.lmrnaturals.iff.com
Email	gabriel.robert@iff.com
Telephone	+65 9660 8010

About Company

LMR is a leading Natural Ingredients producer, crafting highest quality, traceable and responsible natural ingredients for perfumery, flavors, cosmetics and aromatherapy.

Created in 1984, in Grasse, the heartland of perfumery, LMR redefined standards in natural ingredients, by selecting and extracting the crème de la crème of naturals. Acquired by IFF in 2000, LMR combines the craftsmanship and expertise of a quality leader in naturals, with the science, creativity and scale of IFF.

LMR is vertically integrated, mastering the full breadth of natural capabilities. The LMR experts are involved at all stages of naturals, from seed to bottle, with quality, planet, people, and innovation at heart. This integrated expertise is an essential component of our responsible and fully transparent sourcing platforms around the world. It is also essential to bring science into nature: from selecting the right species to improving how we farm, harvest, extract, and to the science-based understanding of our natural ingredients' holistic benefits for a better life (wellness, cosmetics, hygiene, and many others).

At LMR, sustainability is not a philosophy. Sustainability is not a theory. Sustainability is not trendy. Sustainability is a day after day, long-term commitment to action. Sustainability is the direct result of individual and corporate dedication. Since LMR creation in 1984, before sustainability was a trend, Monique Remy had embedded it in the DNA of her company. Today, it still drives everything we do.

Products or Services Offered in Presentation

LMR Naturals by IFF unveils a new collection of 100% pure and natural ingredients with scientifically proven antimicrobial action against 7 key micro-organisms involved in hygiene, disinfection, preservation, as well as malodor creation.

To create this collection, LMR Naturals has partnered with a well-known microbiology research institute in France.

The efficacy of the antimicrobial activity of our HygEssence Collection starts at very low dosage, empowering you using these ingredients in your creations among many categories.

FINE FRAGRANCES PVT. LTD.

Name of the Company	Fine Fragrances Private Limited
Address	119 – Jolly Maker Chambers No 2, 11th Floor, Nariman Point (Opp Atlanta Building), Mumbai – 400021, Maharashtra
Website	www.finefrag.com
Email	finefrag@finefrag.com
Telephone	+91-22-6145 4000 / 2202 3997

About Company

We are suppliers of high-quality aroma raw materials, bases and blends. As authorized distributors of International Flavors and Fragrances Inc (IFF), sole distributors of LMR Naturals by IFF and Symrise terpene-based ingredients in India; our stocks consist of an array of key and unique aroma chemicals, pure natural essential oils, absolutes, resinoids and top-quality reconstitutes and blends. At Fine Aromatics and Herbal Extracts (FAHE), we manufacture a variety of absolutes and resinoids from natural gums and resins. We also blend a wide range of reconstitutes. We are passionate about the application of aromas to enhance daily life. Partnering with worlds leaders and innovators of the Flavor and Fragrance Industry, we share the technical know how about the use of speciality ingredients, both synthetic and natural. Our goal is to assist perfumers in selecting ingredients that improve a product's performance or inspire them in ideating future creations.

Fine Fragrances Pvt. Ltd. (FFPL) came into existence in the 980's when International Flavors and Fragrances Inc. (IFF) collaborated with MJ group of Companies to blend fragrances and flavor compounds for leading FMCG brands in India. Since the past 17 years FFPL has focused on world class aroma raw materials. As established suppliers for aroma raw materials to small, mid-sized and large companies for the past three decades, today we have a fast-growing loyal customer base of over 500 companies pan India. We are valued for our transparent sourcing, unadulterated quality, flexible packing, and prompt deliveries.

Products or Services Offered in Presentation

Fine Fragrances has a newly upgraded 28,000 square-foot facility in Umbergoan, Gujarat. It consists of a modern prefabricated warehouse, a temperature-controlled area to store essential oils and naturals and also a separate block for stocking of flavor ingredients. Our product list is exhaustive and expanding. In India we import the largest portfolio of ingredients from International Flavors and Fragrances Inc. (IFF). IFF speciality ingredients are consistent in quality and offer unique advantages. To highlight a few; Iso Cyclo Geraniol, a spicy note that enhances florals, Bornafix, a woody amber note with a substantivity of more than 72 hours, Pinoactaldehyde that imparts a light sea breeze feeling to wet laundry and many more. LMR Naturals by IFF are extracted using the highest industry standards of purity and transparency for confident use in cosmetic and aromatherapy applications. LMR Natural's collection includes the best helichrysum oil for healing, the finest lavender oil for relaxation, the purest geranium for vitality, the sweetest rose for beauty along with numerous other natural oils and absolutes. The Linalool, linalyl acetate, geraniol and nerolex from Symrise are manufactured from CST route, which makes these raw materials sustainable and gentler for the earth. The natural gums, resins and absolutes made by Fine Aromatic & Herbal Extracts (FAHE) are of a high standard and purity. Our in-house range of reconstitutes offers cost-effective solutions for making blends. Fine Fragrances' goal for 2021 is to work hard to make India feel "Fresh, Clean and Healthy", by supporting responsible perfumery and true aromatherapy.

Name of the Company	Firmenich aromatics production (india) pvt. Ltd.

About Company	

Firmenich is the world's largest privately-owned perfume and taste company, founded in Geneva, Switzerland, in 1895 and has been family-owned for 125 years. Firmenich is a leading business-to-business company operating primarily in the fragrance and taste market, specialized in the research, creation, manufacture and sale of perfumes, flavors and ingredients. Renowned for its world-class research and creativity, as well as its leadership in sustainability, Firmenich offers its customers superior innovation in formulation, a broad and high-quality palette of ingredients, and proprietary technologies including biotechnology, encapsulation, olfactory science and taste modulation.

Taking our legacy forward –

125 years of Timeless Emotions

Firmenich is not just the largest privately-owned perfume and taste business in its industry. It is also the name of a Family that has been personally committed to its Colleagues, Customers, Communities & Creativity for more than 125 years.

INGREDIENTS: We are a leader in renewable & sustainable Ingredients -the cornerstone of all our creations and the foundation of our lasting success. We are committed to continually strengthening our best-in-class palette of ingredients including Synthetics, Naturals and our industry-leading White Biotech platform with pioneering bio-based ingredients, such as the recently launched DREAMWOOD™

Firmenich's unique and high-performing molecules cover all olfactive families and have long inspired the company's creators and contributed to the success of its customers. With the creation of EcoIngredient Compass that focuses on sustainability and transparency, the Group is reinforcing its leadership in white biotechnology and green chemistry – the development and production of ingredients with minimal impact on nature and people.

About Company

processWare™ and Creative Control Panel™ are the only software solutions designed “ground-up” exclusively for Flavors & Fragrance, Aroma Chemicals, Essential Oils, and allied Process industries.

Since 1999, executives in these industries have trusted processWare to increase their productivity and profits through our unique combination of software and services. With over 75 combined years of industry experience, our management leads a global team that provides a full range of installation, implementation, training and consulting services to customers across the globe.

Currently, processWare and Creative Control Panel customers are successfully running operations in USA, India, UK, EU, Turkey, Malaysia, Indonesia, Sri Lanka and Thailand.

Being industry insiders, we know that Flavor & Fragrance regulatory compliance is complex and time-consuming. Ingredients and raw materials may have different handling standards and regulatory requirements based on their usage and application, from country to country. With integrated quality control and regulatory handling from pre-purchasing, to production, sales and finally shipping, processWare automatically manages documents such as COA, Specification Sheet, SDS, GHS, Ingredient Declaration, IFRA Dosage, Flavor Natural/Identical, Kosher, Halal, and Allergen Statements.

We work with leading industry organizations, such as FCA, WFFC, and NAFFS in USA, FAFAI in India, and IFRA and IFEAT globally, to keep up with the latest business trends and regulatory issues. With extensive knowledge, background and expertise in these industries, our mission and goal are to provide the #1 software solutions at the lowest total cost of ownership for your business.

Products or Services Offered in Presentation

processWare™ is the #1 software solution designed exclusively for the Flavors & Fragrance, Aroma Chemicals, Essential Oils, and allied Process industries. Combining intrinsic features of ERP (enterprise resource planning) and CRM (customer relationship management) solutions, processWare provides a "holistic" approach to formulation, production and related planning, quality assurance, supply-chain, sales-cycle management, and critical regulatory compliance for these "essential" businesses.

Our customers use processWare for managing focused business processes such as Flavors & Fragrance formulation and production, essential oil distillation, product profitability tracking, streamlined purchasing, quality assurance, schedule optimization, and sales cycle management. Results include quality improvement, production efficiencies, lower costs and increased revenues!

Creative Control Panel is specifically designed for the R&D and Project Management needs of the Flavors & Fragrance industry. The entire product life cycle is covered from creation and development of fragrances or flavors, formulation, evaluation, detailed customer project tracking, to submission and sampling.
